

IMPORTANT CHANGES REGARDING BEHAVIORAL HEALTH CPT CODES EFFECTIVE 1/1/13

The American Medical Association (AMA), the organization that defines and develops changes to CPT codes, issued changes to the behavioral health CPT codes effective on January 1, 2013. All practitioners are required to bill with the new coding set for services provided on or after January 1, 2013. Any service provided prior to January 1, 2013 can be billed using the prior coding set.

MHN mailed Participating Provider Agreement amendments to network providers in December.

If you have not yet received your packet or if you have additional questions that cannot be answered within the packet, you may e-mail us at professional.relations@mhn.com. Please note we have posted for your convenience a copy of the most Frequently Asked Questions (FAQs).

Thank you for your participation in MHN's provider network. We appreciate your services to our members.
