

Important Reminder for California Practitioners

Some MHN members in California are capitated to MHN's narrow network (Select), College Health IPA or to the Behavioral Health Associates practice group. **You may not be eligible for reimbursement for your services for capitated membership unless you are a contracted provider in the IPA.**

If you are already treating an MHN member and have contacted the Member Service team to verify benefits, you do not need to do anything further. Otherwise, please call MHN to verify eligibility and benefits prior to treatment. *(The phone number for Member Services is located on the back of the member's identification card.)*

Following is a listing of counties covered by the capitated networks in California.
